

Production and submission of SQA-assessed Coursework for National 5 and Higher

National 5 Coursework templates

SQA has produced mandatory templates for use by candidates in the production and submission of Coursework in the following National 5 Courses:

Course code	Level code	Course name	Assessment production conditions	Templates to be used and submitted	Candidate welfare tick box	SQA-assessed Coursework uplift date
C736	75	Health and Food Technology	Over time	Assignment — candidate workbook	Yes	24/03/2015
C749	75	Modern Studies	Under controlled conditions	Assignment report	No	24/03/2015
C775	75	Nuadh-Eòlas (Modern Studies)	Under controlled conditions	Assignment report	No	24/03/2015
C756	75	Physical Education	Over time	Portfolio	Yes	23/04/2015

The Coursework assessment task documents for the above National 5 subjects contain the templates that candidates are required to complete. These templates will also be published on the subject pages of SQA's secure site as stand-alone documents.

The templates are available in MS Word and PDF versions. This provides flexibility for candidates to produce Coursework electronically, and then print for submission, or for centres to print the PDF versions for candidates to hand write their submissions.

It is critical that all submissions are complete and meet the requirements, as detailed in the appropriate Coursework assessment task.

Please note there are no mandatory templates for Higher Coursework.

National 5 and Higher resource/research sheets

For Coursework tasks where candidates are required to complete and submit a resource/research sheet along with their assignment, these sheets can be found on the subject pages of SQA's secure site.

The table below details subjects that require resource/research sheets:

Candidate welfare tick box

Where Coursework evidence is produced over time, the templates or flyleaves will contain a candidate welfare statement/tick box, as indicated in the table above. This must be considered by the centre submitting the evidence on the candidate's behalf. This statement has been introduced to avoid Markers raising concern about content which could indicate potential candidate welfare issues, where the centre is already aware of and is taking/has taken action to address this.

Art and Design

SQA will provide full details on the preparation for and the submission of the National 5 and Higher Art and Design Coursework. Key dates information for Art and Design at all levels will be published on the Art and Design Practical Assessment webpage in December 2014 and materials for the packaging and submission of portfolios will be sent to centres in April 2015.

Course code	Level code	Course name	Coursework	SQA-assessed Coursework uplift date
