Qualifications for building the future

From designing buildings and towns to carrying out maintenance and demolition processes, the Construction sector offers diverse roles and specialisms. Beneath its broad heading sit Building, Civil Engineering, Specialist and Technical sectors. Together, they form an industry that enhances our environment and sits at the heart of our communities, homes and workplaces.

The Construction sector operates to the highest standards. It demands a bright, knowledgeable workforce with the skills to shine across a variety of positions.

That's where working with SQA can make a difference. We're specialists in equipping people with the skills, knowledge, and confidence to do an excellent job.

Designed in partnership with industry, our quality-assured qualifications are wide in scope and flexible in delivery. They offer relevant, robust learning to those at the beginning of their career and to experienced hands looking to add to their skills and keep pace with advances. They can be completed as stand alone qualifications, or as a valuable part of an apprenticeship programme.

Building

The Building Sector provides a wide range of services to the House Building, Maintenance and Repair sectors of the Construction industry which includes Bricklayers, Wood Trades, Interior Fit-out and Painters and Decorators.

Civil Engineering

Partnership with SQA

SQA supplies products and services to all sectors of the UK, working closely with colleges, employers and training providers.

Every business or organisation that engages with SQA has a dedicated account manager and a main point of contact. We will work with you to identify and source suitable qualifications for your people to help them develop their skills and gain qualifications which meet your current and future needs. We can even help you to create your own bespoke qualification for your business.

As all of our External Verifiers are subject specialists, this ensures the highest standards of quality assurance are met through an in-depth knowledge of the sector.

Find out more about what we can do for you — our team is on hand to answer your queries and provide more in-depth advice.

Contact our Business Development team for more information about qualifications in this sector, and working with SQA.
