

Customised Awards — Suits You

Create your own qualification for your business

With SQA, you can formalise your staff learning by creating your own unique qualification.

The Scottish Qualifications Authority (SQA) is Scotland's national accreditation and awarding body. We work with a huge range of employers across the UK and beyond. Our expertise, blended with your business knowledge, can make the right qualification for you.

Benefits for your business

Focused on achieving your business objectives, SQA's Customised Awards increase skills, motivation and staff retention. Your business will benefit from a qualified, motivated and productive workforce. Each award fulfils our rigorous quality assurance criteria, provides staff with a certificate and could help you meet regulatory compliance. And with credit rating on the Scottish Credit and Qualifications Framework (SCQF) giving your qualification universal recognition, your workforce, customers and stakeholders will see exactly the benefits your award delivers.

Customised Awards — It's what you put in that makes them unique

Supporting You

Truly bespoke, from day one you'll be working with your own dedicated account manager who will guide you through the process. SQA's Customised Awards give you space, scope and support to develop your qualification. Whether you're building on existing in-house training, or starting from scratch, our flexible process fits around you and is supported by SQA experts.

Browns Food Group took the decision to adopt a Customised Award in management as there were no awards on the market that suited our industry. Having five units that were written specifically for our business has ensured we have Managers who are trained not only in quality production but also the soft skills required to be an effective Manager.

Training/H&S Co-ordinator
Brown Brothers Manufacturing

Benefits to your staff

A Customised Award is a vote of confidence and a clear investment in your employees' development and their career progression. Your Customised Award will meet our rigorous quality assurance criteria, and a certificate awaits all successful candidates.
