## Construction

---

# Construction from SQA

The Construction sector faces many challenges in the current financial climate but it is recognised as a key industry to provide opportunities and drive the country's recovery and success.

At the heart of this is the investment in the workforce skills and knowledge needed to put the sector in the best position to move forward successfully.

Qualifications from SQA, one of the UK's leading Awarding Organisations, can help to achieve this goal.

---

We offer a comprehensive portfolio of competence and knowledge based qualifications, with new developments in progress. As a Functional Skills provider we can offer complete Apprenticeship packages in a number of areas.

**Our portfolio includes:**

- Construction Awards, Certificates and Diplomas at QCF Levels 2 and 3
- Streetworks Assessment and Re-Assessment qualifications
- QCF Certificates in Driving Goods Vehicles

We are experts in developing relevant qualifications delivering the real skills, knowledge and progression routes in demand by employers and learners alike.

**Customised Awards**

We can provide tailored solutions to meet your exact requirements. Our customised awards service develops qualifications specifically for your centre's needs, with the benefits of gaining a nationally recognised qualification and support from a leading Awarding Organisation.

**Working with SQA**

We have years of experience and success working with colleges, training providers, employers and schools throughout the UK and worldwide.

If you are a private company, public or third sector organisation, our qualifications can be delivered to your staff by SQA approved colleges or training providers or by becoming an approved SQA centre in your own right.

---

**We're here to help**

All of our approved centres experience a number of benefits:

**Dedicated Account Management**

From the start you will have one point of contact in the team who will take the time to understand your needs, help you to select the best SQA qualifications and services to meet your objectives, and provide ongoing account management to ensure we continue to deliver what your business needs.

We pride ourselves in offering expert support with a personal touch.

**First Rate Quality Assurance**

A robust Quality Assurance system underpins all that we do - we believe this guarantees continued quality in the delivery of our qualifications, and your organisation will

benefit from the high value that SQA Approved Centre status brings to your reputation.

All of our External Verification is undertaken by subject experts.

**Resources to support qualification delivery**

Our qualifications are supported by a number of online and paper resources and events to support your delivery.

**Online Support**

Managing your learners' data couldn't be easier. Our online portal SQA Connect allows you to register candidates, enter results and review records securely and conveniently.
