

Unit F2M5 04 (223)

Load Consignments for Despatch in Food Manufacture

Unit Summary

This Unit is about loading consignments for despatch, as directed in the workplace.

You need to safely handle the goods, transit and loading equipment and identify the hazards involved in their use. You also need to follow the health, safety and hygiene regulations.

In order to be assessed as competent you must demonstrate to your assessor that you can consistently perform to the requirements set out below. Your performance evidence must include at least one observation by your assessor.

Achievement of this Unit will provide you with opportunities to develop the following SQA Core Skills:

Communication Access 3

- ◆ Read and understand simple written communication.

Numeracy Access 3

- ◆ Apply simple numerical skills in everyday contexts.

Problem Solving Access 3

- ◆ Plan, organise and complete a simple task.
- ◆ Analyse a simple situation or issue.

I have completed the requirements of this Unit.
