Answer all questions.

Use **blue** or **black** ink.

The skills of knowledge and understanding (KU) and analysis, evaluation and application (A,E,App) are being assessed in this paper. When answering each question you should note the number of marks allocated to each skill and use this information as a guide to the length and type of answers required.

Before leaving the examination room you must give this book to the Invigilator. If you do not you may lose all the marks for this paper.

**Section A—Sociology and Psychology**

1. In the box below tick (✓) which **two** of the following statements describe what is meant by sociology.

Sociology is the study of groups within society.	
Sociology is the study of the individual.	
Sociology is about society, social influences and socialisation.	
Sociology is the study of the brain and how the mind works.	

2 KU

2. Explain **two** reasons why it is important for a care worker to have a knowledge of psychology **or** sociology.

---

---

---

---

---

---

---

---

---

---

4 KU

3. Life events such as marriage, divorce and separation could influence behaviour. Identify **two** other major life events which could influence an older adult.

---

---

---

---

2 KU

4. Describe what is meant by the term nature.

Marks Code

---

---

---

---

2 KU

Read the case study below and answer the questions that follow.

Joshua is a thirty year old man who has had several bouts of depression over the last four years. He is now having suicidal thoughts and his doctor and partner feel he should be admitted to hospital for treatment. Although Joshua is not keen to go, he knows it is for the best.

5. (a) Identify **two** strands of Joshua's development which may be affected if he goes into hospital.

---

---

---

---

2 KU

(b) Using the strands of development you have identified, explain how they may be affected if he goes into hospital.

---

---

---

---

---

---

---

---

---

---

4 App

After a period of treatment Joshua's mental health has improved and he is now starting a new job.

6. Explain how this life change will affect any **one** strand of his development.

---

---

---

---

2 APP

The following question does not relate to the case study.

7. Identity is part of development at adulthood. Give a definition of the term identity.

---

---

---

---

2 KU

Total (20)

**Section B—Health and Safety**

*Marks Code*

1. Describe **one** responsibility of an employee in relation to health and safety.

---

---

---

---

2 KU

2. Describe **one** responsibility of an employer in relation to health and safety.

---

---

---

---

2 KU

3. (a) Give an explanation of the term risk.

---

---

---

---

2 KU

- (b) Identify **two** possible hazards within a care setting.

---

---

---

---

2 KU

4. A casualty has a suspected heart attack. Identify **three** actions a first aider should take.

---

---

---

---

---

---

---

---

3 KU

5. As the first aider, after assessing the situation, what should your next action be and explain why this is important in each of the following scenarios.

Scenario 1: Tommy, 9 years old, has been climbing a tree and falls. He is unconscious but still breathing.

Action \_\_\_\_\_

Explanation \_\_\_\_\_

---

Scenario 2: Ethel, 61 years old, has burnt her arm on the cooker.

Action \_\_\_\_\_

Explanation \_\_\_\_\_

---

5. (continued)

Scenario 3: Danielle, 17 years old, has sprained an ankle playing football.

Action \_\_\_\_\_

Explanation \_\_\_\_\_

\_\_\_\_\_
