**Text message from Kate Lee to Administrative Assistant**

Hi

The exhibition seemed to go really well and there was a lot of interest in our stand.

We were approached by Tom Field from American Bride magazine – he is going to come in next week and chat to us. He wanted to know how many venues we have in each region and the total number of bedrooms.

*Can you have this information ready for me?*

We have changed our discount policy and customers will now receive a percentage off the sub-total based on the number of day guests:

No of day guests	%.
125	15
100	10
Less than 100	5

Print a value view and a formula view of the quote.  
Each print out should fit on to one side of A4.

## Heart 2 Heart Enquiry Form

*We have received this enquiry form from Jennifer and Sudip.*

*Find suitable venues showing the venue, region, area, marquee capacity, additional services, price of the venue and the price of the marquee hire. Print this information on one side of A4.*

*Thanks Kate*

## MEMORANDUM

**To:** Administrative Assistant

**From:** Kate Lee, Operations Manager

**Subject:** SPECIAL OFFER

**Date:** Today's date

In order to increase demand for our more expensive weddings, we have decided to offer clients the option of spreading the cost of their wedding over a 2 year period (this offer applies to Price Bands C and D, 2 day packages only). An admin fee of 5% will be charged for this service. I need you to calculate the new amount for a 2 day package including the admin fee and calculate the monthly payment for each price band (both formatted to whole numbers).

I require this information to be presented in a report (please give this a suitable heading). The information should be grouped by Area and with Venues in alphabetical order. Our company logo should appear at the top right hand corner of the report. The report footer should only contain 'INFORMATION – SALES TEAM ONLY'.

In order to complete the Annual Performance Review I need a breakdown of the sales for 2015. Wedding sales data has been recorded in a file called Sales Summary.

Please create a pivot table which summarises this information to show the Total Sales Value for each item as well as the Grand Total for the period. Also include each item's Total Sales as a percentage of the Grand Total.

Print this information showing the items with the highest percentage contribution first.

The Annual Performance report for 2015 needs to be completed. Use the notes below and the file **Annual Performance Review** to finish this report. Once complete, print this for me to check.

The Report needs a front page with a border.

Use the following heading which should be enhanced in some way:

Annual Performance Report 2015

Insert the company's logo too.

On page 2 of the report insert a table of contents - use double line spacing for this.

Key-in the following after the section on "Investors in People":

Conclusion

The business continues to grow at a manageable rate and is in a healthy financial state. Our new initiatives will allow us to prepare for the challenges of the future as well as enhancing our reputation as an excellent employer.

Insert page numbers at the left hand side of the footer.

In the report Header I would like the name of our company to appear on the left hand side of all even pages and the words "Annual Performance Review 2015" to be shown at the right hand side of all odd pages.

NB I don't want a header or footer on the front cover of the Report.

Our marketing company, QMC, have sent us a file called "Customer Satisfaction Survey". Action the comments in this file and place the completed table into Appendix 1 of the Report.

I have also left some comments in the Report. Action these and then delete. Remember to print a copy for me.
