SECTION 3 — VALUES AND PRINCIPLES — 20 marks

Attempt ALL questions

9. What is the purpose of a care plan? 3
10. Describe two stages of the care planning process. 4
11. Describe one feature of a positive care environment. 2

Read the following case study and answer the following questions.

Elizabeth is 82 years old and has led a very active and independent life until she was involved in a road accident, resulting in a fractured right arm and lower leg. Her arm is in plaster and she has to wear a plaster boot on her lower leg. She has been discharged from hospital and is now at home. There is concern as to how she will manage at home on her own.

12. (a) Explain why it is important that Elizabeth is involved in planning her care before she is discharged from hospital. 3
- (b) Describe how a home care support worker would ensure positive care for Elizabeth. 2
13. Explain how a home care support worker would ensure Elizabeth is treated with dignity and respect at all times. 2
14. Older adults often experience discrimination. Identify two ways you would promote equality for Elizabeth now that she is at home. 4
