Alasdair Bauld

Qualifications Development Specialist

Course reports

Please read the annual course reports for Gàidhlig. We produce these reports following the exam diet and they provide information on how candidates performed in course assessment for National Qualifications.

Course reports include a summary of areas candidates performed well in and areas candidates found demanding. They also contain advice on preparing candidates for future assessment, and statistical data relating to grade boundaries. Course reports are available from the subject pages of our website at www.sqa.org.uk/ngsubjects.

Coursework

Submitting coursework

Please ensure candidates use the current, published coursework assessment tasks.

The template for the submission of coursework is available on the Gàidhlig subject pages under the 'Coursework' tab. The template is available in Microsoft Word format.

Further information can be found in our [Coursework for External Assessment](#) document and the subject pages of our website at www.sqa.org.uk/ngsubjects.

Advanced Higher

Online resources to help you prepare for Advanced Higher assessment

As part of our Understanding Standards programme, we are providing a range of supportive resources to help you develop your understanding of the standards required in the revised course assessments for Advanced Higher. This may include audio presentations, published candidate evidence and commentary materials, and webinar recordings, which we have tailored to meet the needs of each subject.

You can access Understanding Standards materials via the 'Understanding Standards' tab on the [subject pages](#) of our website.

Shortly after the Advanced Higher Gàidhlig Understanding standards event on Friday 15 November 2019 in Inverness, we are publishing the following:

- ◆ Eadar-theangachadh (Translating): four exemplars of candidate evidence and associated commentary

Units that were previously part of the Advanced Higher courses

The units that were previously part of the Advanced Higher courses are now available as freestanding units at SCQF level 7. These units no longer contribute to the Advanced Higher courses. We have removed references to Advanced Higher courses from the freestanding unit specifications, which are available from the freestanding units web page for each subject. There is a link to the freestanding units page from the 'see also' section on the [subject landing page](#).
