The evidence and commentary for this candidate were used within the ESOL National 5 and Higher Writing webinar in January 2022.

going to
lam writing today about the advantages and
disadrantages of group work.
1 mecon some students, people like womking in groups
and others like to work alone.
Firstly Mullium - advantages X. In my opinion first
advantag is fact that some people in group can
Know something more that you so it is easy to
Knos something more that your so it is easy to help each when other. Also in group you can have
more isleas, are person can be a pulling leader
and push team. Tird advantage is thelt you
here preparation pro your future works Almost
even here we meet think with people Also a list
of companies are looking for employers when like the
wome in groups and they have a good communication
Skulls-
Moving to disordirentages of group NOR.
First, I think a lot of people that do not
Whe land people because they can not concentrait.
Second problem is that people one on different
levels. I near one poison can boves something and
does it with possion and rest of proup need juit
pass exams and subject. Futuremome the few person
in group can portion herdor that do nest of aproup
and then cell of them have the scene and
Two fact copy demotiveted students which work
hard
- Sume up everything and using also my expensionces
I think two shills are very important and usefull. Nork the choice and im groups give us a lot of
Nove non elone and in groups give us e list of
720
expiriences. of course event event home depends.
Expiriences. It course entry everything depends. I taily with fact that are lazy and some times
is better work alone and be independent,
and another one se intependent,

one human and we were born to しっち elso. we Ne in groups. That's why even we do not like it to
