Unit outline

The general aim of this Unit is to provide learners with the opportunity to develop talking and writing skills in familiar contexts. Learners develop the skills needed to produce simple texts on a Scottish theme or in Scots dialect in both written and oral forms.

Learners who complete this Unit will be able to:

1. Produce simple written texts
2. Participate actively in simple spoken activities

This Unit is an alternative mandatory Unit of the National 3 English Course, an optional Unit in the Scottish Studies Award and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the Unit Support Notes, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work.
Recommended entry

Entry to this Unit is at the discretion of the centre. However, learners would normally be expected to have attained the skills, knowledge and understanding required by the following or equivalent qualifications and/or experience:

♦ National 2 English and Communication Course or component Units

In terms of prior learning and experience, relevant experiences and outcomes may also provide an appropriate basis for doing this Unit.

Equality and inclusion

This Unit Specification has been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of learners should be taken into account when planning learning experiences, selecting assessment methods or considering alternative evidence. For further information, please refer to the Unit Support Notes.

Evidence Requirements for the Unit
Assessors should use their professional judgement, subject knowledge and experience, and understanding of their learners, to determine the most appropriate ways to generate evidence and the conditions and contexts in which they are used. Learners will produce simple written text with/on a Scottish theme or in Scots/a dialect of Scots, and/or participate in a simple spoken interaction with/on a Scottish theme or in Scots/a dialect of Scots.

Each language mode should be given equal weighting in assessment.

For this Unit, learners will be required to provide evidence of:

♦ at least one written text using simple language
♦ at least one spoken activity using simple language

Evidence can be gathered in combination with other Outcomes where possible, either from this Unit or in combination with the Outcomes from the English: Understanding Language (National 3) and Literacy (National 3) Units. Evidence may also be gathered for individual Outcomes where appropriate.
Development of skills for learning, skills for life and skills for work

It is expected that learners will develop broad, generic skills through this Unit. The skills that learners will be expected to improve on and develop through the Unit are based on SQA’s Skills Framework: Skills for Learning, Skills for Life and Skills for Work and drawn from the main skills areas listed below. These must be built into the Unit where there are appropriate opportunities.

1 Literacy

1.1 Reading
1.2 Writing
1.3 Listening and talking

5 Thinking skills

5.3 Applying
5.4 Analysing and evaluating

Amplification of these is given in SQA’s Skills Framework: Skills for Learning, Skills for Life and Skills for Work. The level of these skills should be at the same SCQF level as the Unit and be consistent with the SCQF level descriptor. Further information on building in skills for learning, skills for life and skills for work is given in the Unit Support Notes.
