# Development of skills for learning, skills for life and skills for work

The SQA *Skills Framework: Skills for Learning, Skills for Life and for Work* contains generic literacy skills. The *Gàidhlig: Literacy (National 3)* Unit is derived from this framework and learners will cover all the main literacy skills. The main literacy skills are as follows:

## 1 Literacy

- 1.1 Reading
- 1.2 Writing
- 1.3 Listening and talking

It is expected that learners will develop broad, generic skills through this Unit. The skills that learners will be expected to improve on and develop through the Unit are based on SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work* and drawn from the main skills areas listed below. These must be built into the Unit where there are appropriate opportunities.

## 5 Thinking skills

- 5.3 Applying
- 5.4 Analysing and evaluating

Amplification of these is given in SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work*. The level of these skills should be at the same SCQF level of the Unit and be consistent with the SCQF level descriptor. Further information on building in skills for learning, skills for life and skills for work is given in the *Unit Support Notes*.

Literacy skills shown in this Unit provide automatic certification of the Core Skill: Communication at SCQF level 3
