**SCQF:** level 4 (6 SCQF credit points)

**Unit code:** H6NS 74

### Unit outline

The general aim of this Unit is to provide learners with the opportunity to develop talking and writing skills in familiar contexts. Learners develop the skills needed to create and produce straightforward texts in both written and oral forms on a Scottish theme or in Scots/a dialect of Scots.

Learners who complete this Unit will be able to:

- 1 Create and produce straightforward written texts
- 2 Participate actively in straightforward spoken activities

This Unit is an alternative optional Unit of the National 4 English Course, an optional Unit in the Scottish Studies Award at SCQF level 4 and is also available as a free-standing Unit. The Unit Specification should be read in conjunction with the *Unit Support Notes*, which provide advice and guidance on delivery, assessment approaches and development of skills for learning, skills for life and skills for work.

The *Added Value Unit Specification* for the National 4 English Course gives further mandatory information on Course coverage for learners taking this Unit as part of the National 4 English Course.

## Recommended entry

Entry to this Unit is at the discretion of the centre. However, learners would normally be expected to have attained the skills, knowledge and understanding required by one or more of the following or equivalent qualifications and/or experience:

- ◆ National 3 English Course or relevant component Units
- ◆ Literacy (National 3)

In terms of prior learning and experience, relevant experiences and outcomes may also provide an appropriate basis for doing this Unit.

## Equality and inclusion

This Unit Specification has been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of learners should be taken into account when planning learning experiences, selecting assessment methods or considering alternative evidence. For further information, please refer to the *Unit Support Notes*.

Each language mode should be given equal weighting in assessment.

For this Unit, learners will be required to provide evidence of:

- ◆ at least one spoken activity using straightforward language on a Scottish theme or in Scots/a dialect of Scots

Evidence can be gathered in combination with other Outcomes where possible, either from this Unit or in combination with the Outcomes from the *English: Analysis and Evaluation* (National 4), *Literacy* (National 4) and *English Assignment* (National 4) Units. Evidence may also be gathered for individual Outcomes where appropriate.

# Development of skills for learning, skills for life and skills for work

It is expected that learners will develop broad, generic skills through this Unit. The skills that learners will be expected to improve on and develop through the Unit are based on SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work* and drawn from the main skills areas listed below. These must be built into the Unit where there are appropriate opportunities.

## **1 Literacy**

- 1.1 Reading
- 1.2 Writing
- 1.3 Listening and talking

## **5 Thinking skills**

- 5.3 Applying
- 5.4 Analysing and evaluating

Amplification of these is given in SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work*. The level of these skills should be at the same SCQF level as the Unit and be consistent with the SCQF level descriptor. Further information on building in skills for learning, skills for life and skills for work is given in the *Unit Support Notes*.
