# 1 Introduction

This document was previously known as the arrangements document. The purpose of this document is to:

- ◆ assist centres to implement, deliver and manage the qualification
- ◆ provide a guide for new staff involved in offering the qualification
- ◆ inform course managers teaching staff, assessors, candidates, employers and HEIs of the aims and purpose of the qualification
- ◆ provide details of the range of candidates the qualification is suitable for and progression opportunities

The Professional Development Award (PDA) in Leadership at SCQF level 8 is part of a suite of Professional Development Awards (PDAs) in Management and Leadership at SCQF level 7 to SCQF level 11 which have been developed under the SQA Design Principles for Professional Development Awards. These PDAs have been deliberately designed as short stand-alone awards containing two units, which will enable candidates to enhance their managerial skills and achieve certification in a relatively short period of time.

All the units included in these PDAs have been developed by the Skills CFA, the standards setting body for management and leadership throughout the UK. These are the units which form the basis of the SVQs in Management. The PDA awards, therefore, consist of units which also form part of an SVQ in Management.

The PDAs within this suite are designed to meet the needs of those who wish to develop as managers through their own experience in the workplace, ie they are targeted at those who wish to follow a work-based path to management qualifications but do not wish to embark on a full SVQ Management award.

Candidates who achieve one/some of these Management and Leadership PDAs should, therefore, have enhanced their managerial competences, including their knowledge and understanding, through development within the context of their current managerial work. In this way, they should be able to work more effectively as managers to the benefit of themselves and to the organisations for which they work. They will also have demonstrated that they are able to work in accordance with the national occupational standards for managers.

These work-based PDAs are a suite of seven short stand-alone awards which extend and complement the portfolio of management awards offered by SQA. These PDAs share a number of common aims and characteristics and, as a result, it has been possible to develop them as a cluster of related awards. Each award, however, is a qualification in its own right. A table showing these seven PDAs in Management and Leadership, together with PDAs in Leadership and Management (consisting of HN Units) and new flexible PDAs (consisting of HN, SVQ and National Workplace units) can be found at Appendix 1.

The Chartered Management Institute (CMI) has agreed to jointly certificate the PDA in Leadership at SCQF level 8 — together with all other Management awards in SQA's portfolio, including SVQs in Management, HNC in Management and Leadership, PDA Diploma in Management and Leadership and all other PDAs in Leadership and Management.

## 1.1 Rationale for the development of the PDA in Leadership (SCQF level 8)

The PDA in Leadership offers candidates the opportunity to develop their management competence in two areas, ie providing leadership in your area of responsibility and developing operational plans. Candidates who successfully complete the award will gain a number of benefits, including:

- ◆ a sound grounding in the managerial competence of providing direction including relevant underpinning knowledge and understanding
- ◆ capability in developing an operational plan that will contribute to achieving objectives set out in a strategic plan
- ◆ capability to provide direction in a clearly defined area of an organisation
- ◆ the development of competence in motivating and supporting people to achieve the vision of the team
- ◆ acquisition of underpinning knowledge and understanding on theories and practice of leadership

The above should ensure that candidates will be able to lead and motivate staff in accordance with the overall objectives of the organisation.

This PDA focuses on the 'providing direction' aspect of competence and this, in fact, explains the reasons behind the award. It is designed to enable candidates to build and achieve competence in leadership, as well as motivating and supporting others. It is, therefore, a specific award which is primarily aimed at managers who have gained some management experience and wish to consolidate and enhance their competence as leaders. One of the constituent units, *Provide Leadership in Your Area of Responsibility* is specifically targeted at middle managers. This, together with the SCQF level of both units (ie level 8), indicates that the purpose of this award is to enable experienced managers to hone a particular area of competence.

One of the two units in the award focuses specifically on leadership while the other concentrates on developing operational plans. The two fit well together, in that managers will be able to develop their leadership competence in the context of their day to day management activities of ensuring that operational activities are carried out to required standards.

This PDA is suitable for managers who have already established their fundamental competence as managers. Leadership is, however, a key part of any managerial role so this award is also about helping managers to build competence in general management skills.

It is possible that some managers, who have sufficient experience and who occupy a suitable job role, may take this PDA after completing one of the other PDAs in this suite, ie the PDA in Managing Self and the Work of Others at SCQF level 7. One reason for this may be that they have identified a need to build leadership competence through the personal development plan which they would undertake as part of the unit AA2 *Develop your Knowledge Skills and Competence*.

Both units in the PDA are mandatory in the SVQ Management SCQF level 9 and the unit BA9 *Develop Operational Plans* is also optional in SVQ Management SCQF level 7.

The PDAs in Management and Leadership are designed to both complement and provide an introduction to other SQA awards, ie they consist of units from the SVQ Management framework.

There also is a parallel suite of PDAs in Leadership and Management (included in Appendix 1) which link to the more extensive HNC Management and Leadership and the Diploma in Management and Leadership. These awards are distinct from SVQ awards in that they do not require that candidates are in a management position. Unlike the SVQ Management, it is not a condition of these awards that candidates provide evidence of their work as managers in order to demonstrate their managerial competence. They are suitable therefore for both practising and aspirant managers. Aspirant managers can include those who hope to take up a management position, as well as those who are currently fulfilling a management role but wish to develop knowledge, skills and understanding which will fit them to take up a more senior position. The HNC Management and Leadership and similar qualifications may help candidates to meet the knowledge requirements of awards consisting of SVQ units.

SQA has also developed a more flexible suite of PDAs at SCQF levels 6, 7, 8 and 9. Each PDA is made up of a number of HN, SVQ and National Workplace Units. To achieve these PDAs, candidates must select one unit from a restricted mandatory section and one unit from a bank of options. (See Appendix 1 for more details)

## 2 Qualification structure

The PDA in Leadership (SCQF level 8) consists of two units, both of which are mandatory:

### 2.1 Structure

4 code	2 code	SSC unit code	Unit title	SQA credit	SCQF credit points	SCQF level
H8GY	04	CFAM&LBA2	Provide Leadership in Your Area of Responsibility	1	9	8
H68E	04	CFAM&LBA9	Develop Operational Plans	1	11	8
Total				2	20	8

The PDA in Leadership at SCQF level 8 will be achieved on successful completion of these two mandatory units. It has been levelled at SCQF level 8 as all SCQF points are at SCQF level 8.

## 3 Aims of the qualification

The aim of the PDA in Leadership is to provide candidates with a sound grounding in providing direction and developing operational plans that will contribute to achieving the objectives set out in the organisation's strategic business plan.

### **3.1 General aims of the qualification**

Each PDA in Management and Leadership has its own individual aims but, as a group, they share the following general aims:

- 1 enable candidates to develop and achieve competence in a specific area of managerial work.
- 2 provide recognition for the management competence achieved by candidates in their work as a manager.
- 3 meet the needs of candidates with different experience and different managerial responsibilities (by providing awards at SCQF level 7 to SCQF level 11 and covering different areas of managerial competence).
- 4 enable progression within the SVQ Management framework and within the SCQF framework of qualifications.
- 5 provide flexibility for candidates and centres through alternative ways to undertake units in SVQ Management.
- 6 enable candidates to acquire underpinning knowledge and understanding of key management concepts and ideas.
- 7 enable candidates to develop generic skills which can apply across the whole range of managerial work.

### **3.2 Specific aims of the qualification**

The PDA in Leadership at SCQF level 8 has some specific aims. It will:

- 8 enable candidates to develop and achieve the competences required to lead people in achieving operational plans and objectives of the organisation.
- 9 enable candidates to develop an operational plan that will contribute to achieving the objectives of the organisation.
- 10 enable candidates to provide direction to people.
- 11 enable candidates to motivate and support people.

## **4 Recommended entry to the qualification**

Entry to this qualification is at the discretion of the centre. The following information on prior knowledge, skills, experience or qualifications that provide suitable preparation for this qualification has been provided as guidance only.

As the PDAs in Management and Leadership are based on SVQ Management units, they are designed as work-based awards aimed at persons currently fulfilling the occupational role which is the subject of the SVQ. In line with the assessment strategy developed for SVQs in Management, access to the PDAs in Management and Leadership is open only to those who currently occupy a management role which enables them to display competence at the level of the standards which make up the award. The nature and level of the management role may vary depending on the level of PDA involved. More information on the assessment strategy can be found later in Appendix 3.

It is therefore the responsibility of centres to ensure that candidates attempting the PDAs in Management and Leadership based on SVQ units are currently engaged in a management role which is appropriate for the PDA they wish to undertake.

Whilst entry to the PDA in Leadership at SCQF level 8 is at the discretion of the centre, eligible managers should have current experience in a managerial role which will enable them to demonstrate the competences of the two units in this PDA. There should, however, be no artificial barriers to entry and the award should be open to all candidates who are in a suitable managerial post.

This PDA is at SCQF level 8. Candidates should possess the written and oral communications skills which will enable them to undertake an award at SCQF level 8. Candidates who have achieved units at SCQF level 7 or equivalent should be in a good position to attempt this PDA.

## 4.1 Core Skills entry profile

The Core Skill entry profile provides a summary of the associated assessment activities that exemplify why a particular level has been recommended for this qualification. The information should be used to identify if additional learning support needs to be put in place for candidates whose Core Skills profile is below the recommended entry level or whether candidates should be encouraged to do an alternative level or learning programme.

Core Skill	Recommended SCQF entry profile	Associated assessment activities
Communication	SCQF level 6	Candidates will need well developed oral and written communication skills to enable them to undertake this level 8 PDA. Candidates need to be able to communicate the organisation's vision and shared values to members of their team.
Problem Solving	SCQF level 5	Leading people and developing operational plans will require good problem solving skills
Working with Others	SCQF level 6	Candidates will be responsible for providing direction to their team, so good people management skills are essential

## 5 Additional benefits of the qualification in meeting employer needs

This qualification was designed to meet a specific purpose and what follows are details on how that purpose has been met through mapping of the units to the aims of the qualification. Through meeting the aims, additional value has been achieved by linking the unit standards with those defined in national occupational standards and/or trade/professional body requirements. In addition, significant opportunities exist for candidates to develop the more generic skill, known as Core Skills through doing this qualification.

## 5.1 Mapping of qualification aims to units

Code	Unit title	Aims											
		1	2	3	4	5	6	7	8	9	10	11	
H8GY 04	Provide Leadership in Your Area of Responsibility	X	X	X	X	X	X	X	X	X		X	X
H68E 04	Develop Operational Plans	X	X	X	X	X	X	X	X	X	X	X	

- 1 enable candidates to develop and achieve competence in a specific area of managerial work.
- 2 provide recognition for the management competence achieved by candidates in their work as a manager.
- 3 meet the needs of candidates with different experience and different managerial responsibilities (by providing awards at SCQF level 7 to SCQF level 11 and covering different areas of managerial competence).
- 4 enable progression within the SVQ Management framework and within the SCQF framework of qualifications.
- 5 provide flexibility for candidates and centres through alternative ways to undertake units in SVQ Management.
- 6 enable candidates to acquire underpinning knowledge and understanding of key management concepts and ideas.
- 7 enable candidates to develop generic skills which can apply across the whole range of managerial work.
- 8 enable candidates to develop and achieve the competences required to lead people in achieving operational plans and objectives of the organisation.
- 9 enable candidates to develop an operational plan that will contribute to achieving the objectives of the organisation.
- 10 enable candidates to provide direction to people.
- 11 enable candidates to motivate and support people.

## 5.2 Mapping of National Occupational Standards (NOS) and/or trade body standards

The units making up the PDA in Leadership are the NOS developed by Skills CFA, the standards setting body for management:

CFAM&LBA2 Provide Leadership in Your Area of Responsibility  
CFAM&LBA9 Develop Operational Plans

## 5.3 Mapping of Core Skills development opportunities across the qualification

There are opportunities to develop the following core skills but there is no automatic certification of these core skills.

Unit code	Unit title	Communication	Numeracy	ICT	Problem Solving	Working with Others
H8GY 04	Provide Leadership in Your Area of Responsibility	SCQF 6	SCQF 4		SCQF 5	SCQF 6
H68E 04	Develop Operational Plans	SCQF 6	SCQF 5		SCQF 6	SCQF 6

## 5.4 Assessment strategy for the qualification

The assessment strategy for the PDA in Leadership at SCQF level 8 can be found in Appendix 3. As this PDA is made up of SVQ units, the evidence generated must come from real work activities.

## 6 Guidance on approaches to delivery and assessment

The delivery and assessment of the PDA in Leadership at SCQF level 8 is governed by the assessment strategy for the SVQ Management. This is based on the principles set out by the Skills CFA and is reproduced in Appendix 3. Centres must abide by the requirements of this assessment strategy.

It is expected that centres will deliver the PDA in Leadership at SCQF level 8 using the methods which they know from past experience comply with the assessment strategy. This PDA is a workplace award and candidates will be based at work and complete the units while carrying out their everyday tasks as a manager.

Predominantly, delivery and assessment in centres is based on a portfolio of evidence gathered by the candidate. This has to be presented in a manner which indicates that the candidate is able, through their work as a manager, to meet the components of the standards as set out in the SVQ Management units, ie outcomes, performance criteria, and knowledge and understanding.

Candidates are guided through the process of portfolio building by an assessor who helps them to prepare and implement assessment plans and offers guidance and support. Traditionally, portfolios were paper based but e-portfolios have become common. It is expected that e-portfolios will be widely used for the delivery and assessment of the PDA in Leadership at SCQF level 8.

Some centres cover the knowledge and understanding requirements by using specific questions which candidates have to answer. Others encourage candidates to meet the knowledge and understanding requirements through the personal statements which explain how the evidence submitted demonstrate competence against the outcomes and in the SVQ Management units. Any gaps in the knowledge requirements can be filled by asking the candidate to respond to specific questions. SQA has developed candidate support packs which cover the general knowledge requirements of this PDA. This can be accessed via SQA's secure website.

### 6.1 Sequencing/integration of units

The PDA in Leadership is at SCQF level 8 and consists of two units. *Provide Leadership in Your Area of Responsibility* is about providing direction to people in a defined area or part of an organisation and motivating and supporting them to achieve the vision and objectives for the area. This unit ties in well with the other unit of the PDA *Develop Operational Plans* which involves developing an operational plan which contributes to achieving the objectives set out in the strategic business plan. It would therefore be possible to integrate the delivery of these two units.

### 6.2 Recognition of prior learning

SQA recognises that candidates gain knowledge and skills acquired through formal, non-formal and informal learning contexts.

In some instances, a full group award may be achieved through the recognition of prior learning. However, it is unlikely that a candidate would have the appropriate prior learning and experience to meet all the requirements of a full group award.

The recognition of prior learning may not be used as a method of assessing in the following types of units and assessments:

- ◆ HN Graded Units
- ◆ Course and/or external assessments
- ◆ Other integrative assessment units (which may or not be graded)
- ◆ Certain types of assessment instruments where the standard may be compromised by not using the same assessment method outlined in the unit
- ◆ Where there is an existing requirement for a licence to practice
- ◆ Where there are specific health and safety requirements
- ◆ Where there are regulatory, professional or other statutory requirements
- ◆ Where otherwise specified in an assessment strategy

More information and guidance on the *Recognition of Prior Learning* (RPL) may be found on our website [www.sqa.org.uk](http://www.sqa.org.uk).

The following sub-sections outline how existing SQA unit(s) may contribute to this group award. Additionally, they also outline how this group award may be recognised for professional and articulation purposes.

### 6.2.1 Articulation and/or progression

Possible pathways and progression routes, together with additional advice are outlined in Appendix 2.

The PDA in Leadership at SCQF level 8 is not intended solely as a vehicle for progression. However, both units in this PDA are mandatory in the SVQ in Management SCQF level 9. Unit BA9 *Develop Operational Plans* is also optional in the SVQ in Management SCQF level 7. The following table illustrates this:

SSC unit code	Unit title	SVQ in Management SCQF level 7		SVQ in Management SCQF level 9	
		M	O	M	O
CFAM&LBA2	Provide Leadership in Your Area of Responsibility			X	
CFAM&LBA	Develop Operational Plans		X	X	

Candidates who successfully complete this PDA will have therefore gained two of the four mandatory units of the SVQ in Management SCQF level 9 — and also have gained one of the optional units of the SVQ in Management SCQF level 7.

It would be possible for candidates who wish to do so to progress to other awards in the suite of PDAs in Management and Leadership, particularly those which concentrate on a specific aspect of management competence such as the PDA in Managing Finances at SCQF level 8 or the PDA in Managing Projects and Business Processes at SCQF level 9. However, it is important to remember that progression between PDAs in Management and Leadership is dependent on the managerial position which candidates occupy.

This PDA is also an award which will fully meet the management education needs of some candidates who would not wish to undertake further awards. It is hoped, however, that the PDA will provide an opening for all successful candidates to enhance their professional development after completing the award.

## 6.2.2 Professional recognition

The Chartered Management Institute jointly certifies the PDA in Leadership at SCQF level 8 with SQA. This will enable candidates to progress within the CMI framework of qualifications.

## 6.3 Opportunities for e-assessment

It has already been noted that the PDA in Leadership at SCQF level 8 is a workplace award. While most candidates will have face to face contact with assessors through regular meetings, it is also possible for candidates to complete the awards remotely and maintain contact through e-mail or other methods. The use of electronic portfolios greatly facilitates working with remote candidates. Further information on open and distance learning is available at [www.sqa.org.uk](http://www.sqa.org.uk).

## 6.4 Support materials

SQA has developed candidate support packs for the two units in the PDA in Leadership at SCQF level 8. These support packs help candidates to get to grips with the underpinning knowledge and understanding requirements of the units. These packs can be downloaded from the SVQ Management page of the SQA secure website. In addition, candidates registered on the PDA in Leadership are eligible for 12 months free studying membership of CMI. This allows them access to a range of management information, tools and support materials.

## 6.5 Resource requirements

The assessment strategy outlined in Appendix 3 provides details of the occupational requirements of assessors and internal verifiers.

As this PDA is made up of SVQ units, evidence must come from actual workplace activities.

# 7 General information for centres

## Equality and inclusion

The unit specifications making up this group award have been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of candidates will be taken into account when planning learning experiences, selecting assessment methods or considering alternative evidence. Further advice can be found on our website [www.sqa.org.uk/assessmentarrangements](http://www.sqa.org.uk/assessmentarrangements).

## Internal and external verification

All instruments of assessment used within this/these qualification(s) should be internally verified, using the appropriate policy within the centre and the guidelines set by SQA.

External verification will be carried out by SQA to ensure that internal assessment is within the national guidelines for these qualifications.

Further information on internal and external verification can be found in *SQA's Guide to Assessment* ([www.sqa.org.uk/GuideToAssessment](http://www.sqa.org.uk/GuideToAssessment)).

## 8 Glossary of terms

**Embedded Core Skills:** is where the assessment evidence for the unit also includes full evidence for complete Core Skill or Core Skill components. A candidate successfully completing the unit will be automatically certificated for the Core Skill. (This depends on the unit having been successfully audited and validated for Core Skills certification.)

**Finish date:** The end of a group award's lapsing period is known as the finish date. After the finish date, the group award will no longer be live and the following applies:

- ◆ candidates may not be entered for the group award
- ◆ the group award will continue to exist only as an archive record on the Awards Processing System (APS)

**Lapsing date:** When a group award is entered into its lapsing period, the following will apply:

- ◆ the group award will be deleted from the relevant catalogue
- ◆ the group award specification will remain until the qualification reaches its finish date at which point it will be removed from SQA's website and archived
- ◆ no new centres may be approved to offer the group award
- ◆ centres should only enter candidates whom they expect to complete the group award during the defined lapsing period

**SQA credit value:** The credit value allocated to a unit gives an indication of the contribution the unit makes to an SQA group award. An SQA credit value of 1 given to an SQA unit represents approximately 40 hours of programmed learning, teaching and assessment.

**SCQF:** The Scottish Credit and Qualification Framework (SCQF) provides the national common framework for describing all relevant programmes of learning and qualifications in Scotland. SCQF terminology is used throughout this guide to refer to credits and levels. For further information on the SCQF visit the SCQF website at [www.scqf.org.uk](http://www.scqf.org.uk).

**SCQF credit points:** SCQF credit points provide a means of describing and comparing the amount of learning that is required to complete a qualification at a given level of the Framework. One National Unit credit is equivalent to 6 SCQF credit points. One National Unit credit at Advanced Higher and one Higher National Unit credit (irrespective of level) is equivalent to 8 SCQF credit points.

**SCQF levels:** The level a qualification is assigned within the framework is an indication of how hard it is to achieve. The SCQF covers 12 levels of learning. HNCs and HNDs are available at SCQF levels 7 and 8 respectively. Higher National units will normally be at levels 6–9 and graded units will be at level 7 and 8. National Qualification Group Awards are available at SCQF levels 2–6 and will normally be made up of National Units which are available from SCQF levels 2–7.

**Signposted Core Skills:** refers to opportunities to develop Core Skills arise in learning and teaching but are not automatically certificated.

## History of changes

It is anticipated that changes will take place during the life of the qualification and this section will record these changes. This document is the latest version and incorporates the changes summarised below. Centres are advised to check SQA's APS Navigator to confirm they are using the up to date qualification structure.

**NOTE:** Where a unit is revised by another unit:

- ◆ No new centres may be approved to offer the unit which has been revised.
- ◆ Centres should only enter candidates for the unit which has been revised where they are expected to complete the unit before its finish date.

## Acknowledgement

SQA acknowledges the valuable contribution that Scotland's colleges have made to the development of this qualification.

## 9 General information for candidates

This section will help you decide whether this is the qualification for you by explaining what the qualification is about, what you should know or be able to do before you start, what you will need to do during the qualification and opportunities for further learning and employment.

Welcome to the Professional Development Award (PDA) in Leadership at SCQF level 8. You have just made a vitally important decision for your work as a manager and we are delighted that you have decided to study for this PDA. We hope that it is an enjoyable and stimulating learning experience for you.

The award makes use of the National Occupational Standards (NOS) for management as specified by Skills CFA. They are at the forefront of current management practices within leading organisations.

By doing this award, you will be able to demonstrate that, in your work as a manager, you are able to operate in accordance with these national standards. Success in the award will mean that you will have proof that your work is up to the national standards. In this way you can contribute to both your own future and to that of the organisation you work for.

The PDA in Leadership at SCQF level 8 is made up of two mandatory units:

- ◆ *Provide Leadership in Your Area of Responsibility*
- ◆ *Develop Operational Plans*

Each unit contains outcomes, performance criteria and underpinning knowledge and understanding and each will enable you to develop different management competences. Each unit, therefore, contains aspects of the management standards. In other words, if you meet the requirements of the unit, you will be managing in accordance with the national standards.

The unit *Provide Leadership in Your Area of Responsibility* is about ensuring that you can provide direction to people and motivate and support people to enable them to achieve the vision and objectives of your part of your organisation.

The unit *Develop Operational Plans* will enable you to develop an operational plan and carry out an operational plan which will contribute to achieving the objectives set out in your organisation's strategic plan.

You will be guided through the units by an adviser/assessor who will help you plan for assessment and advise and help you on how to prove that you can meet the standards in the units.

You will prove that you can meet the standards by gathering evidence from your place of work of the things that you have done, and are doing, as a manager. You will be expected to explain to your assessor, in writing or by discussion, exactly how the evidence that you have shows that you meet the standards set out in the requirements of the units. You will gather your evidence together in a portfolio which you will be able to use to prove that you are a competent manager in terms of those parts of the national standards covered by the PDA.

The PDA is a qualification in its own right but it will also help you to progress to further management awards such as the full SVQ in Management SCQF level 9.

The PDA is jointly certificated by SQA and the Chartered Management Institute. If you are successful you will be able to become part of the professional community of managers and benefit from the development opportunities that this can bring

SQA has developed support material covering the general knowledge and understanding requirements of both units and your adviser/tutor should be able to provide you with a copy. In addition, while undertaking the PDA in Managing Self and the Work of Others, you will be eligible for 12 months free studying membership of CMI.

Good luck with your studies.

**Assessment strategy**

**for**

**PDA in Leadership and  
Management**

# 1 Introduction

This assessment strategy provides the criteria SQA approved centres must meet for the assessment of the PDAs in Leadership and Management

This document outlines the criteria in relation to:

- ◆ requirements of assessors/tutors and internal verifiers
- ◆ evidence

A list of the PDAs covered by this assessment strategy is included in Appendix 1.

## 2 Requirements of assessors/tutors and internal verifiers

### 2.1 Assessors

The primary responsibility of an assessor is to assess candidates' performance in a range of tasks and to ensure the evidence submitted by the candidate meets the requirements of the assessment criteria.

It is important that an assessor can recognise competence as specified by the national standard. Assessors therefore need to have a thorough understanding of assessment and quality assurance practices, as well as have in-depth technical understanding related to the qualifications for which they are assessing candidates.

To assess candidates undertaking a PDA in Leadership and Management, assessors must:

For SVQ units:

- ◆ be occupationally competent. Assessors must provide current evidence of competence, knowledge and understanding in the areas to be assessed. This must be demonstrated by relevant experience and continuing professional development (CPD) which may include the achievement of qualification(s) at a commensurate level, relevant to the areas being assessed.
- ◆ hold, or be working towards, an appropriate qualification as specified by the appropriate regulatory authority, confirming their competence to assess candidates undertaking competence-based units and qualifications. Assessors holding older qualifications must be able to demonstrate that they are assessing to the current standards through up to date CPD.

Assessors working towards an appropriate qualification must be supported by a qualified assessor throughout the period of completing the qualification. This support may be provided by a qualified assessor and/or qualified internal verifier.

For HN and National Workplace Units:

- ◆ competent in the subject/occupational area to a level appropriate to the qualification
- ◆ competent in assessment of the type involved in the qualification
- ◆ familiar with the procedures and documentation for the qualification

## 2.2 Internal verifiers

The primary responsibility of internal verifiers is to assure the quality and consistency of assessments by assessors. Internal verifiers therefore need to have a thorough understanding of quality assurance and assessment practices, as well as sufficient technical understanding of the qualifications that they are internally verifying.

To internally verify a PDA in Leadership and Management, internal verifiers must:

For SVQ units:

- ◆ be occupationally competent. Internal verifiers must demonstrate sufficient and current understanding of the qualifications to be internally verified, and know how they are applied in business. This must be demonstrated by relevant experience and CPD which may include the achievement of qualification(s) at a commensurate level, relevant to the areas being assessed.
- ◆ hold, or be working towards, an appropriate qualification as specified by the appropriate regulatory authority, confirming their competence to internally verify assessment of competence-based units and qualifications. Internal verifiers holding older qualifications must be able to demonstrate that they are assessing to the current standards through up to date CPD.

Internal verifiers working towards an appropriate qualification must be supported by a qualified internal verifier throughout the period of completing the qualification. This must include monitoring of verification decisions which may be achieved by sampling of reports and evidence by a qualified internal verifier.

For HN and National Workplace Units:

- ◆ competent in the subject/occupational area to a level appropriate to the qualification
- ◆ competent in internal verification of the type involved in the qualification
- ◆ familiar with the procedures and documentation for the qualification

## 2.3 Continuing Professional Development (CPD) records

The assessment strategy requires all assessors and internal verifiers to maintain current competence in Leadership and Management and quality assurance and assessment practices to deliver these functions. SQA recognises this can be achieved in many ways. However, such information must be formally recorded in individual CPD records that are maintained in centres and available to SQA on request.

## **3 Evidence**

### **3.1 Evidence from workplace performance**

- ◆ Evidence of occupational competence for all SVQ units at all levels must be generated and collected through performance in the workplace.
- ◆ Performance evidence must be produced for all performance indicators in all units. Simulation and/or supporting evidence may be used by exception to fill small gaps where performance evidence does not occur naturally but the unit is part of the candidate's normal work duties. The use of simulation and/or supporting evidence for performance must be restricted to a small part of any unit.

### **3.2 Evidence from classroom based activities**

- ◆ The units making up the PDAs in Leadership and Management are assessed in a variety of ways, for example, reports, extended responses, open book and closed book examinations. Full details of the evidence requirements and assessment guidance are provided in each unit specification which is available to download from SQA's website. Centres should consider the requirements of the units making up the PDA carefully in deciding on the appropriate assessor
