

# Annual Update for Higher National Qualifications

This report lists additions, revisions and deletions to SQA's portfolio of Higher National Qualifications in 2016–17. The report is aimed at SQA Co-ordinators and practitioners in SQA approved centres to assist with planning for the academic session by providing:

- ◆ information about the currency of units and group awards
- ◆ early notification to staff delivering units which are entering their lapsing period
- ◆ information to help raise staff awareness of new units and group awards in their specialist areas

The information in this report is also contained in the [Catalogue of Higher National Qualifications](#). The catalogue is updated regularly throughout the year and contains the most up-to-date information about available HN provision. Further information about new and revised HN units, group awards and PDAs can be found on the HN section of SQA's website. The [HN Search](#) allows you to search for HN Units by keyword, title or code.

The [HN Notification of changes to Unit Specifications and Frameworks](#) on our website is also updated regularly. It shows:

- ◆ a summary of changes to units that warrant a new version number
- ◆ where a finish date has been removed or extended
- ◆ framework changes.
- ◆ verification group changes
- ◆ qualification withdrawn
