

Instructions for the submission of Advanced Higher English coursework (portfolio–writing and project–dissertation)

Valid from academic session 2019/20 onwards

For course assessment at Advanced Higher, candidates are required to submit a portfolio containing two written texts from two different genres and a dissertation.

Advanced Higher English coursework is electronically marked. Electronic marking requires each candidate's portfolio and dissertation to be electronically scanned. To ensure complete accuracy in the scanning process, candidates must use the SQA approved template to produce physical copies of their portfolio and dissertation for submission. The coursework template is available in both Microsoft Word and Google Docs format and can be downloaded from the English subject webpages.

Physical copies of each portfolio and dissertation must be submitted to SQA for marking – accompanied by a fully completed external assessment flyleaf. Candidates must submit their portfolio to the Chief Invigilator on the day of the Advanced Higher English exam. Dissertations will be uplifted from centres in the normal manner.

Instructions for teachers, lecturers and candidates

Teachers, lecturers and candidates can download and/or print copies of the template as required. We recommend that candidates type directly onto the template when drafting their portfolio and dissertation. However, they can also copy and paste their writing from another file. The template has a straightforward format and is set-up with a common font and font size – these may be altered if required. Candidates may also print the template and handwrite their work directly onto it using **blue** or **black** ink.

Both portfolio pieces can be contained within one template, with a clear indication of where each piece of writing starts and ends. Alternatively, each piece of writing can be submitted on a separate template with consecutive page numbers clearly indicated (ie the second piece of writing should not restart at page 1). **However, a separate template must be used for the dissertation.** The candidate's SCN (Scottish Candidate Number), and a page number must be included within the foot of every page in the template, using the boxes provided. These are for the purposes of identification. No other personal, identifiable information about the candidate (eg their name or the name of their centre) should be included within the body of their portfolio or dissertation. This information must only be captured on the flyleaf.

It is recommended that both portfolio pieces and dissertation are printed double-sided, wherever possible. Please do not use staples to collate the pages as this will disrupt the scanning process.

Please also ensure that the candidate's work is printed clearly (eg no print leakage or bleeding) so that it is legible on-screen.

Each candidate's portfolio must be accompanied by the flyleaf which will be distributed to centres by SQA. Please ensure that **all** sections of the flyleaf are completed before submitting to SQA for marking.

We hope you find this information helpful. If you have any further questions, please do not hesitate to contact Jay de Pellette-Super, Qualifications Officer for English and Literacy (jay.depellette-super@sqa.org.uk).
