Level 3 SVQ in Youth Work Dec 2010
Core Skill Signposting 2 March 2011

CORE SKILLS

Core skills signposting

The table below shows how the Level 3 SVQ in Youth Work signposts to where the evidence generated through the units might contribute to the evidence for Core Skills.

Many units include *implicit* Core Skills of communication and/or problem solving and/or working with others (so there are few noted in the grid), but there are limited opportunities for evidence to be generated to meet the requirements of ICT and Numeracy.
