

X822/75/11 Economics

FRIDAY, 24 MAY 9:00 AM – 11:00 AM

Total marks — 90

SECTION 1 — 40 marks

Attempt BOTH questions.

SECTION 2 — 50 marks

Attempt ALL questions.

You may use a calculator.

Write your answers clearly in the answer booklet provided. In the answer booklet you must clearly identify the question number you are attempting.

Use **blue** or **black** ink.

Before leaving the examination room you must give your answer booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

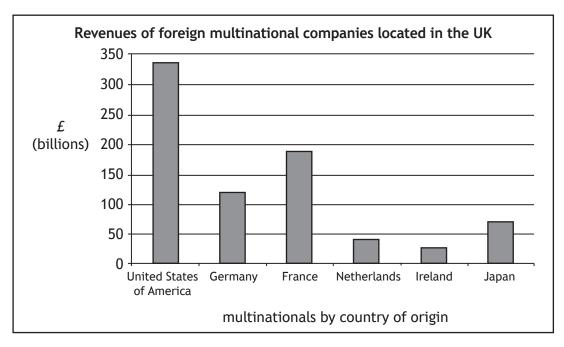

SECTION 1 — 40 marks

Attempt BOTH questions

1. When the Caledonian Car Company launched its new Ecosse electric car models onto the market, the firm was not prepared for how popular they would be. The Caledonian Car Company currently only sells its cars in the UK, but is hoping to expand into global markets. The firm hopes to relocate its production facilities to an emerging economy. This should help them achieve a lower average cost of production.

Competitors within the car industry have recently lowered the price of their petrol cars in order to compete with the new electric models. However, the success of this move may depend on how much the price of oil increases.

(a) Describe what is meant by the terms, as used in the passage 1 (i) emerging economy (ii) 1 average cost. (b) Other than relocating, outline 2 measures a car manufacturer might take to reduce its average cost of production. 2 Explain, using a diagram, how the market for electric cars will be affected (c) (i) by a decrease in the price of petrol cars. 4 Outline 3 determinants of demand for electric cars, other than a change in the price of petrol cars. 3 (d) Describe the steps used to measure inflation in the UK. 3 (e) Explain why rising oil prices can cause an increase in the UK rate of inflation. 2 (f) Explain in what way a fall in the exchange rate of sterling against the euro is likely to affect UK exports. 2 (g) Identify a significant Scottish import and a significant Scottish export. 2

2. (a) (i) Describe, using an example, the term 'multinational'. 2 Explain 2 reasons for European multinationals deciding to locate in the UK. 2 (ii) Suggest reasons why American multinationals have high revenues in the UK. 2 2 (b) Describe what is meant by the eurozone. (c) (i) Define what is meant by global trade. 1 (ii) Describe disadvantages of global trade. 3 Explain the effect of imposing a tariff on imports into the UK. 2 (d) A tariff is an example of an indirect tax. Identify 2 other examples of an indirect 2 tax. (e) Distinguish between capital and current government expenditure, using examples. 2 2 (f) Suggest 2 reasons for the government spending on education.
