Read the following case study and answer **question 8**.

Tom is 48 and has recently been diagnosed with early-onset dementia. He is no longer able to work. He currently lives on his own and has been found outside, miles from home, in his pyjamas. He is also forgetting to eat and shop so there is no food in the house. His friends no longer come to see him as they find him difficult to communicate with due to his confusion and anxiety. A social worker will be visiting Tom next week to discuss care options.

8. (a) Describe **two** of Tom's needs. 4
- (b) Explain how the care principle 'be included' can be applied when working with Tom. 4
