

Annual Update for National Qualifications

This report lists additions, revisions and deletions to SQA's portfolio of National Qualifications in 2016–17. It covers National Units, National Courses and National Qualification group awards (Awards, National Certificates, National Progression Awards and Professional Development Awards). The report is aimed at SQA Co-ordinators and practitioners in SQA approved centres to assist with planning for the academic session by providing:

- ◆ information about the currency of units and group awards
- ◆ Early notification to staff delivering units that are entering their lapsing period
- ◆ Information to help raise staff awareness of new units and group awards in their specialist areas

The information in this report is also contained in the [Catalogue of National Qualifications](#). The catalogue is updated regularly throughout the year and contains the most up-to-date information about available NQ provision. Further information about new and revised National Units, National Courses and National Qualification group awards can be found in the [NQ section on SQA's website](#). The [NQ Unit Search](#) allows you to search for National Units by keyword, title or code.

The web page [NQ Notification of Changes to Unit Specifications and Frameworks](#) is also updated regularly. It shows:

- ◆ a summary of changes to units that warrant a new version number
- ◆ where a finish date has been removed or extended
- ◆ framework changes
- ◆ verification group changes
- ◆ qualifications that have been withdrawn

This report has five sections:

- Section 1** National Courses — information about new and revised National Courses developed for implementation in 2017–18
- Section 2** National Units — a list of new and revised units which are not part of National Courses
- Section 3** Group awards — Awards, National Certificates, National Progression Awards and Professional Development Awards — which have been developed since the last report (2015–16) was published

- Section 4** National Qualifications — deletions — information about National Qualifications which have been removed from the Catalogue of National Qualifications
- Section 5** National Units — deletions — information about all National Units which will not be in the catalogue from session 2017–18 onwards, some of which are subject to the conditions of a completion period

Updated versions of group award specifications and course and unit specifications

Latest versions of group award specifications, course and unit specifications, and updates by the Qualifications Development Team are published on the National Qualifications subject pages on SQA's website.

Approval

This report includes information about the approval implications for new and revised National Courses, group awards and units.

'**Automatic approval**' means that a qualification is automatically approved for schools and colleges. Other centres that are not already approved to offer the full range of auto-approved products, and which wish to offer a new qualification, must complete the [Qualification Approval Application Form](#). Please contact our Business Development and Customer Support Team on 0303 333 0330, or e-mail MyCentre@sqa.org.uk, for help to make an approval application.

'**Approval extended**' means that a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it. Where centres were approved to offer the existing qualification, approval has been extended to them for the new one. For schools and colleges, this applies to qualifications not on the automatically approved list. For other centres, this applies in any case where a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it.

When approval for a qualification is '**devolvable**' to centres, this refers to centres that have gained devolved authority for approval. Colleges with devolved authority seeking approval for devolved, non-automatically approved qualifications must complete a [Devolved Authority Qualification Approval Application Form](#) and submit this to asv@sqa.org.uk.

Approval applications associated with the 2018 examination diet should be submitted no later than Friday 22 September 2017. This deadline also applies to other qualifications where certificates are expected in August 2018.

Section 5: National Units — deletions

The National Units listed below are **no longer current and cannot be used**. They no longer appear in the Catalogue of National Qualifications.

The majority of these units have been available for more than five years, but have had no entries for two or more years. If the deletion of these units will cause your centre any problems, please contact Amanda Gray, Project Manager, as soon as possible, outlining your concerns.

amanda.gray@sqa.org.uk.

If there is clear evidence of demand, we will review the decision to delete a unit.
