Annual Update for National Qualifications (updated August 2023*)

This report lists additions, revisions and withdrawals to SQAs portfolio of National Qualifications. It covers National Units, National Courses and National Qualification Group Awards (Awards, National Certificates and National Progression Awards). The report is aimed at SQA Co-ordinators and practitioners in SQA approved centres to assist with planning for the academic session by providing:

♦ information about the currency of units, National Courses and Group Awards
♦ early notification to staff delivering units that are being withdrawn
♦ information to help raise staff awareness of new units, National Courses and Group Awards in their specialist areas.

The information in this report is also contained in the Catalogue of National Qualifications. The catalogue is updated regularly throughout the year and contains the most up-to-date information about available NQ provision. Further information about new and revised National Units, National Courses and National Qualification Group Awards can be found in the NQ section of SQA's website. The Unit Search allows you to search for National units by keyword, title or code.

The NQ Notification of Changes to Unit Specifications and Frameworks is also updated regularly. It shows:

♦ a summary of changes to units that warrant a new version number
♦ where a finish date has been removed or extended
♦ framework changes
♦ verification group changes
♦ qualifications that have been withdrawn
