

Candidate Name	
Scottish Candidate Number	
Instructions for candidates National 5 and Higher History coursework is electronically marked. Electronic marking requires each candidate's coursework to be electronically scanned. • A physical copy of the candidate's resource sheet should be submitted for marking. • The National 5 resource sheet should be of no more than 200 words. • This must be accompanied by the external assessment flyleaf, which is distributed to centres in advance of coursework uplift date. • Teachers, lecturers and candidates can download and/or print copies of the template from the National 5 and Higher History webpages. • We recommend that candidates type directly onto the template whilst drafting their coursework. However, they can also copy and paste their writing from another file. The template has a straightforward format and is set-up with a common font and font size – these may be altered if required. Candidates may also print the template and handwrite their work directly onto it using blue or black ink. • Resource sheets are not assessed but must be submitted to Qualifications Scotland with candidates' assignments. • Please also ensure that the candidate's work is printed clearly (for example, no print leakage or bleeding) so that it is legible on-screen. • If you have any questions, please email customer@qualifications.gov.scot
