Introduction

This is the specification for the *Scottish Studies Award* at SCQF level 6.

It includes the Award structure, details of assessment requirements and guidance on access. Additional guidance on delivery and assessment can be found in the *Scottish Studies Award (SCQF level 6) Support Notes*.

Equality and inclusion

This Award Specification has been designed to ensure that there are no unnecessary barriers to learning or assessment. The individual needs of candidates should be taken into account when selecting assessment methods or considering alternative evidence, consistent with maintaining the integrity of the qualification.

Rationale

The study of Scotland - in terms of its people, languages (for example, Scots and Gaelic), society, culture, natural and built environment, and heritage - provides many opportunities for learners to develop their skills, knowledge and understanding, and to make connections across the curriculum. This is due to the fact that Scotland and its people have made, and continue to make, significant contributions in many areas of society both at home and abroad. These contributions have had, and will continue to have, lasting effects in areas such as the sciences, engineering, literature and language, the arts, business, industry and the media. Scottish society is diverse, encompassing people from a wide range of cultures and historical backgrounds. Through emigration and immigration, Scotland's people and culture have influenced, and in turn been influenced by, the people and cultures of many other countries. The physical environment of Scotland is also diverse and attracts visitors from around the world.

The *Scottish Studies Award* at SCQF level 6 has a broad and flexible framework. This reflects the range of subject areas which can be studied in a Scottish context. In common with all Awards, this also reflects the values, purposes and principles of Curriculum for Excellence. It offers flexibility, allows time for learning and reflection, focuses on the development of skills and the application of learning, and provides scope for personalisation and choice.

Purpose and Aims of the Award

The purpose of this Award is to allow learners to broaden and add depth to their knowledge of Scotland whilst developing and applying skills, knowledge and understanding relevant to different subject areas. There is a choice of Units, from a range of subject areas, which they can study in a Scottish context.

The main aims of the Award are to give learners the opportunity to:

- ◆ develop and apply skills, knowledge and understanding in chosen subject areas
- ◆ make interdisciplinary connections by studying these subject areas in a Scottish context
- ◆ develop an in-depth understanding of the contribution that Scotland and its people, past and/or present, have made and continue to make in these areas
- ◆ reflect on the place of Scotland within the wider context of the United Kingdom, Europe and/or the rest of the world
- ◆ research an aspect of Scottish Studies that is of particular interest to them
- ◆ develop the skills of planning, researching, selecting and analysing information, and skills of evaluation
- ◆ demonstrate, under non-directive supervision, their ability to work independently

Target groups

This Award would be relevant to a wide range of learners who have an interest in finding out about Scotland, its people and its linguistic, social, cultural, scientific and/or natural heritage.

Young people and adult learners studying in Scotland - in secondary schools, further education institutions or community learning and development settings - may find the Award of particular interest. It will provide opportunities for these learners to broaden their understanding and appreciation of the society in which they live. This, in turn, will provide opportunities to reflect on, and build, their own sense of identity as residents of Scotland and the wider world. They will also develop, and learn to apply, important skills, knowledge and understanding in subject areas which are of particular interest to them.

Recommended entry

Entry is at the discretion of the centre. However, learners may benefit from having the skills, knowledge and understanding relevant to the following or equivalent:

- ◆ a Unit or Units in the *Scottish Studies Award* at SCQF level 5

Progression

This Award or its Units may provide progression to:

- ◆ a variety of Courses, Awards or Units at SCQF level 7, depending on the specific subject areas studied as part of the Award
- ◆ the National Certificate in Celtic Studies at SCQF level 6
- ◆ other Awards, Courses or Units at SCQF level 6

It may also provide a good foundation for progression to training or employment in a variety of sectors including financial services, law, care, tourism, hospitality and the creative, cultural and heritage industries.

Award structure

All Units in the Award are at SCQF level 6 and learners must complete a total of **four** Units.

All learners must complete the mandatory *Scottish Studies: Scotland in Focus (SCQF level 6) Unit*. They will also complete **three** Units from at least **two** of the following Groups:

Group 1	Language and Literature
Group 2	Society and Environment
Group 3	Arts and Culture
Group 4	Business, Industry and Employment

There are a number of subject areas within each of these groups. Learners can select only **one** Unit from any individual subject area within a group. Whichever Units are chosen, these must be delivered and assessed in a Scottish context. Further guidance on the use of Scottish contexts will be given in the Support Notes for this Award. Details of the subject areas and Units within each group are given in the *Award Framework* section below.

* **Note:** all Units marked with (*) are in a hierarchy with Units in the *Scottish Studies* Award at SCQF level 5. Further information on hierarchies can be found in Appendix 1.

Assessment

The nature of assessment will depend on the combination of Units which are selected from the Award framework. Assessment should provide learners with the opportunity to generate evidence of achievement for the Outcomes and Assessment Standards of all selected Units.

All learners must be provided with the opportunity to generate evidence for the Outcomes and Assessment Standards for the mandatory Unit *Scottish Studies: Scotland in Focus (SCQF level 6)*.

Evidence can be presented in any form appropriate to the Units chosen and for the learner. This evidence may be paper-based or recorded (oral, visual or electronic). Performance or product evidence should be supported by assessor observation checklists and/or oral questions and assessor records of learners' answers. Learners may also provide evidence through audio recordings, video diaries, blogs or other electronic means.

The specific Evidence Requirements for all contributing Units can be found in the relevant Unit Specifications.

Skills for learning, skills for life and skills for work

It is expected that learners will develop broad, generic skills through this Award. The skills that learners will be expected to enhance and develop through the Award are based on SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work* and are drawn from the main skills areas listed below. These can be built into the Award where there are appropriate opportunities.

3 Health and Wellbeing

3.1 Personal Learning

4 Employability, enterprise and citizenship

4.4 Enterprise

4.6 Citizenship

5 Thinking Skills

5.1 Remembering

5.2 Understanding

5.3 Applying

5.4 Analysing and Evaluating

5.5 Creating

Further information on these skills is given in SQA's *Skills Framework: Skills for Learning, Skills for Life and Skills for Work*. The level of these skills should be at the same SCQF level of the Award and be consistent with the SCQF level descriptor. Further information on enhancing skills for learning, skills for life and skills for work is given in the *Scottish Studies Award (SCQF level 6) Support Notes*.
