

Palletise and Wrap Products in Food Manufacture

Unit Summary

This Unit is about the operations that are integral to the automatic or manual control of palletising and wrapping of products after bottling/packing. It covers checking prior to palletising, carrying out palletising and wrapping and dealing with waste, scrap correctly.

This Unit is for you if you work in food and drink operations and your job requires you to control palletising and wrapping of products in the workplace.

In order to be assessed as competent you must demonstrate to your assessor that you can consistently perform to the requirements set out below. Your performance evidence must include at least one observation by your assessor.

Achievement of this Unit will provide you with opportunities to develop the following SQA Core Skills:

Communication Access 3

• Read and understand simple written communication.

Numeracy Access 3

• Apply simple numerical skills in everyday contexts.

Problem Solving Access 3

- ♦ Plan, organise and complete a simple task.
- ♦ Analyse a simple situation or issue.

I have completed the requirements of this Unit.
