

Subject guidance for internally assessed qualifications in 2020-21

Please read this document in conjunction with [guidance for the assessment of internally assessed qualifications issued to centres in August 2020](#).

Group Award title:	NPA Food Manufacture
Group Award code:	GF4N 46

Units and/or outcomes where conditions of assessment can or cannot be altered

The following amendment to assessment conditions has been made:

Food Manufacture: Fundamentals of Food Science – H1NE 12

Centres can change the conditions of assessment from closed book to open book for Outcome 1. However, please note that when an open book approach is adopted, SQA ASPs cannot be used and centre-devised assessments will need to be used/created.

Adaptations to evidence requirements to help manage assessment

Assessments may be combined where possible, and evidence used across relevant units.

Rationale

Centres are encouraged to tailor assessments to meet the needs of the learner, with the focus on single themes.

Additional guidance and information

For centres that would like to move to a combined assessment approach/adapt the conditions of assessment, we would recommend you contact operationshqv@sqa.org.uk so our subject experts can provide virtual guidance and support at the planning stage.
