

National Course modification summary: Care

National 5 and Higher: session 2021–22

National 5

| Component | Marks | Duration |
|----------------|-------|-----------------------|
| Question paper | 40 | 1 hour 30 minutes |
| Project | 80 | Carried out over time |

Question paper

No change.

Project

Currently, candidates have a choice of three briefs on which to base their project. For Session 2021–22, all candidates must use brief 1 — ‘Produce a report about one individual using a care service’.

Specifying one brief for the project will allow focussed teaching and learning on one rather than on three.

Higher

| Component | Marks | Duration |
|----------------|-------|-----------------------|
| Question paper | 40 | 1 hour 30 minutes |
| Project | 90 | Carried out over time |

Question paper

No change.

Project

Currently, candidates have a choice of three briefs on which to base their project. For Session 2021–22, all candidates must use brief 1 — ‘Is it always better for people requiring care to be cared for at home?’

Specifying one brief for the project will allow focussed teaching and learning on one rather than on three.

We will publish additional guidance to support the implementation of this modification, including recommended theories and exemplar case studies.

If you have any questions about these changes, please email qualification.development@sqa.org.uk.
