Project

Currently, candidates have a choice of three briefs on which to base their project. For Session 2021–22, all candidates must use brief 1 — ‘How can literacy development be supported for children and young people?’

Specifying one brief for the project will allow focussed teaching and learning on one rather than on three.

We will publish additional guidance to support the implementation of this modification, including recommended theories and exemplar case studies.

If you have any questions about these changes, please email qualification.development@sqa.org.uk.
